Dear Friends and Customers

Fall Farm Day is Saturday September 23, from 1 to 5.

For those of you who are new, or who have not attended a Farm Day, we have two Farm Days each year, Spring and Fall.

Son-in-law, Timothy, will help you park along with friends Jim and Russ.

There is plenty of space to relax.

There are picnic tables and a campfire. Aaron and Amy will help around the campfire.

A large playground and lots of animals.

You can see lambs, cattle, lots of pigs, ducks, chickens, and turkeys.

There is a restored one-room school and a farm museum. Shannon will give tours.

Wagon rides to tour the Farm and the bison herd.

Horse rides in the round pen. Meet the Jopp Family as they do most of the helping with horse rides.

Brother John will be here to talk about and teach blacksmithing.

Brother Mike will be helping the kids make twine ropes.

A new-born calf welcomed Juan and Janelle when they did chores early yesterday. I have attached a photo that Juan snapped. The cow, calf and Janelle are in the photo.

They will all be here Saturday.

These days are for customers and their families' interested neighbors and friends.

Farm Days are not open to the public. We would be swamped.

Rain or shine. The current forecast is a possible thunderstorm, but the predictions for rain have been way off all year.

Don't count on rain, instead look at the afternoon radar.

If a thunderstorm does occur, there are plenty of roofs to take shelter under.
